# **Fighting Fraud**

## Better protect your business to mitigate financial loss.

**71% of organizations fell victim to payments fraud attacks in 2021.** 'Companies worldwide lost over \$3.6 billion to fraud.<sup>2</sup> Fraud is persistent and it's more important than ever to protect your business. Avoid financial impact and safeguard your assets by implementing solid work-flows, educating your team, and using fraud mitigation tools.

## • Fraud Prevention Best Practices

Employee Training	<ul> <li>Regular training on work-flows, protocols, and systems</li> <li>Identifying Phishing attempts and recognizing business email compromise</li> <li>Encourage employees to trust their gut</li> </ul>			
Internal Controls and Policies	<ul> <li>When processing payments:</li> <li>Follow predefined payment instructions and properly verify changes</li> <li>Verify legitimacy and then validate changes to existing invoices, bank deposit info, and contact info</li> <li>Perform call back verification for fund transfer requests using phone numbers on file, NOT numbers in an email</li> <li>Prohibit fund transfer requests received via email or other less secure messaging systems</li> <li>Payments over a specified threshold should require authorization from senior management</li> </ul>			
	Overall: • Require multi-factor authentication for access to company networks and payment initiation • Strictly limit the number of employees who have the authority to approve and/or process payments • Segregate duties and limit employees who process collections, disbursements, and reconciliation • Daily reconciliation of accounts • Lock up check stock • Lock laptops when not in use			
Safeguard Your Payments	<ul> <li>Checks:</li> <li>Minimize checks</li> <li>Use tools and software to mitigate risk</li> <li>ACH:</li> <li>Dual control for ACH file initiation</li> <li>Block all ACH debits except for a single account set up</li> </ul>			
	<ul> <li>Wire:</li> <li>Never approve unless all verifications are completed</li> <li>Require dual approval and carefully review those with: <ul> <li>A dollar amount over a specific limit</li> <li>New trading partners</li> <li>Trading partners not on the approved list</li> <li>New bank and/or account numbers for current trading partners</li> <li>International Wires</li> </ul> </li> </ul>
